Hi! I'm Mary, the graphic designer behind Ginger & Holly.

I create the beautiful beach + boho wall prints with my own design and drawings - alongside a lovely mix of individual watercolour and line art elements purchased from artists around the globe. This lovely mix brings our signature laid-back, earthy and natural wall print look to life!

Ginger + Holly specialises in creating meaningful wall art - we are more than happy to change a quote or colour scheme on almost all of our designs. We want our pieces to be the perfect icing on the top of your beachy boho room design.

All of our art prints are printed with a art-quality printer, archival inks and high quality luxe papers - Canon Lustre and Epson Matte. When kept out of sunlight these prints will keep their colour and quality to museum standards.

If you would love to stock our wall prints in your shop - thank you! I hope you and your customers will be delighted with our range of high-quality art.

FAQs

01

CAN I ORDER A SAMPLE FIRST?

Sure! Any business with an ABN can order as little as 1 art print to sample our colours and quality.

HOW DO I SECURELY PACK
+ SEND THE PRINTS?

To post the prints out to your customer you can either use an A4-A3 sturdy flatpack box (we love the boxes found at EBPack along with a backboard from Pack-It-In.

Or you could post in a poster tube - simply slip out the cardboard backing board and roll up the prints inside their protective sleeve.
